The private placement will consist of up to 7,000,000 units at a price of \$0.15 per unit. Each unit will consist of one common share and one-half of one common share purchase warrant. The placement will be sold to qualified investors, including shareholders of record resident in Canada on September 24, 2019. Proceeds of the private placement will be used for funding exploration of the Buck property, consisting primarily of drilling (approximately \$500,000), general exploration for high quality gold/silver properties in B.C. (approximately \$200,000) and working capital (approximately \$350,000).

All the securities issued pursuant to this private placement will be subject to a four month restricted resale period. Completion of the offering is subject to receipt of approval from the TSX Venture Exchange.
