

## **San Marco Announces Appointment of Senior Manager and Opens Office in Hermosillo, Mexico**

**Vancouver, B.C. – November 8<sup>th</sup>, 2017:** San Marco Resources Inc. (SMN: TSX-V) ("San Marco" or "the Company") announces the appointment of Christian T. Grijalva as Manager of Projects.

Mr. Grijalva will be responsible for managing the Company's Mexican exploration, including drill target definition at the newly discovered porphyry system at Project 1068, detailed exploration and drill target definition at Chunibas, as well as new property acquisitions.

Robert Willis, CEO of San Marco stated, *"I am very pleased to have someone of Chris' calibre join our team. His geological knowledge and years of experience in the region will be instrumental in advancing our current property portfolio, as well as identifying additional mineral assets"*.

Mr. Grijalva graduated in 2005 from the University of Sonora with a Bachelor's Degree in Geology. In 2007, Chris completed the graduate program in Economic Geology at the University of Sonora. Chris has over 10 years exploration experience in base and precious metals. Chris has previously worked for Inmet Mining Corporation and First Quantum Minerals Ltd., focusing on target generation and property evaluations in the porphyry copper-epithermal geological environment. Mr. Grijalva's experience in Latin America began in Mexico and then was extended to Central and South America, venturing into Serbia and USA. He has also consulted for several junior exploration companies.

San Marco also announces that it has opened an office in Hermosillo Mexico. The establishment of a corporate office in Hermosillo, Mexico should provide logistical efficiencies and overall cost savings as the Company advances its Projects and generative programs. The San Marco Mexican office is:

Retorno 202, Esquina con Justo Sierra #19
