1. NATURE OF OPERATIONS AND GOING CONCERN

Sun Summit Minerals Corp. (“the Company”) was incorporated on September 27, 2005 under the *Business Corporations Act* of British Columbia and its shares trade on the TSX Venture Exchange (the “Exchange”) under the symbol SMN. The Company’s mailing address is 1700 – 1030 W. Georgia Street, Vancouver, BC, V6E 2Y3. The registered and records office address is Suite 704 – 595 Howe Street, Vancouver, BC, V6C 2T5.

The Company is engaged in the acquisition, exploration and development of precious metal properties in British Columbia, Canada and Mexico.

The Company is in the process of exploring its mineral properties and has not yet determined whether these properties contain resources that are economically recoverable. The realization of amounts shown for mineral properties and related deferred costs is dependent upon the discovery and exploitation of economically recoverable resources, the ability of the Company to obtain necessary financing to complete development, and attaining future profitable production or proceeds from the disposition of such properties.

These condensed interim consolidated financial statements have been prepared by management on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. At February 28, 2021, the Company had not yet achieved profitable operations and has an accumulated deficit of \$20,518,715 since its inception. A number of alternatives including, but not limited to selling an interest in one or more of its properties or completing a financing, are being evaluated with the objective of funding ongoing activities and obtaining additional working capital. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future and repay its liabilities arising from normal business operations as they become due. These material uncertainties may cast significant doubt on the entity’s ability to continue as a going concern. These condensed interim consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

In March 2020 the World Health Organization declared the CoViD-19 illness, caused by the novel coronavirus, to be a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. Currently, the global pandemic has not had a significant effect on the Company’s operations other than certain delays and ensuring new protocols are being implemented in order to reduce the risk of further spread.

2. BASIS OF PRESENTATION

The condensed interim consolidated financial statements of the Company have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) applicable to preparation of interim financial statements, including IAS 34, Interim Financial Reporting. The condensed interim consolidated financial statements should be read in conjunction with the annual financial statements for the year ended November 30, 2020, which have been prepared in accordance with IFRS as issued by IASB. The accounting policies adopted are consistent with those of the previous financial year, except for recent accounting pronouncements as described in Note 3 below. The Board of Directors approved the condensed interim consolidated financial statements on April 28, 2021.

3. RECENT ACCOUNTING PRONOUNCEMENTS

Certain new standards, interpretations, amendments and improvements to existing standards were issued by the IASB or International Financial Reporting Interpretations Committee.

During the period ended February 28, 2021, the Company was not required to, and has not adopted any new standards, interpretations, amendments and improvements to existing standards which had a material impact on the Company's condensed interim consolidated financial statements. The Company also does not expect the adoption of any currently announced new standards, interpretations, amendments and improvements to existing standards to have a material impact on the Company's condensed interim consolidated financial statements.
